FA: Mark Tache, Neal Beidleman 2007
The route on the right (most downhill). An awesome, long line with varied and continuous climbing. 9 bolts, chains, 90 feet

My Space

1. **Spread Eagle 5.10b**

FA: Tom Perkins, Shelly Malkin 2007

First route you come to (before the rope ladder). Climbs the obvious dihedral. Lots of stemming on this one! 95' Watch you rope length when lowering! Bolts and a variety of cams, ends at chains

2. **Megabyte 5.12d/.13a**

FA: Tom Perkins, Shelly Malkin 2007

First route as you get to the main My Space area (after climbing the rope ladder). Starts at (or on) the big block the climbs the face with horizontal cracks. Outstanding power route! Lead falls on this route will punish your belayer! Belayers should consider anchoring down strategically!

3. **The Holy Grail 5.12d**

FA: Neal Beidleman 2007

Just right of Surge Suppressor. 5 bolts (uses the first bolt of Surge Suppressor w/ a long runner to protect the next clip on the new route and keep the rope out of your feet. Sustained, powerful and technical on beautiful, solid rock. 5 bolts, chains

4. **Surge Suppressor 5.12c/d**

FA: Shelly Malkin, Tom Perkins 2007

Third route in the main area. Climbs along the seam and arete angling left. Powerful & technical route! 4 bolts, shuts
